

**NEW PRODUCT**  
12 Foot Brake Line Coils

# 12' BRAKE LINE COILS

*The Economical Solution to Single Line Replacement*

12 foot coils are a much more economical choice when only a single line or smaller lines need to be replaced. Less wasted product, especially for DIYer's who are typically replacing only a single line or portion of a line one time.

*Available in NiCopp® in 3/16" or 1/4" Sizes*

**NiCOPP®**  
Cu • Ni • Fe ALLOY TUBING

NiCopp® has the strength and structural integrity of steel lines but so much easier to shape, bend and flare. NiCopp® is the choice in harsh environments. NiCopp® does not rust or corrode and is DOT approved for hydraulic brake systems.

*Pair with AGS Fittings for a High Quality Finish !*

CNC-316-12 Coil, NiCopp, 3/16" X 12' \$24.99

CNC-14-12 Coil, NiCopp 1/4" X 12' \$24.99
