Rust Solutions

INTRODUCING

# RUST SOLUTIONS™

**TREAT,  
ELIMINATE  
& PREVENT  
RUST!**

**DESIGNED FOR DIY'ERS, PROFESSIONALS, & FLEETS**

**For use on AUTO, RV, INDUSTRIAL, HOME, MARINE, & MANY MORE**

- STOP rust from spreading - apply Rust Solutions™ directly over surface rust.
- Long lasting UV resistant - no second coat needed.
- Seals out moisture and prevents corrosion.
- VOC/MIR compliant in all 50 United States.

AGS Part #	Description	Case Qty	UPC
AOR-14	Rust Solutions, Rust Paint Aerosol, Matte Black, 14 oz	6	077146703874
AOR-25	Rust Solutions, Rubberized Undercoating/Bedliner Aerosol, Textured Matte Black, 14 oz	6	077146703898
AOR-32	Rust Solutions, Rust Paint Quart, Matte Black, 32 fl oz	6	077146703881
AOR-35	Rust Solutions, Rust Converter, 32 fl oz	6	077146703904
AOR-40	Rust Solutions, Corrosion Protection Aerosol, 11 oz	6	077146703911
AOR-86	Rust Solutions, Salt Neutralizer Concentrate, 128 fl oz	4	077146703928
AOR-128	Rust Solutions, Rust Paint Gallon, Matte Black, 1 Gallon	2	077146705342

Available at

## ***RUST PAINT***

Stop rust from spreading, seal out moisture and prevent further corrosion with UV resistant rust paint. Easily apply directly over surface rust. Quickly run a wire brush over the rusty area to remove any loose pieces, then simply spray or paint on with any brush. No need to topcoat, unless desired.

- Apply directly over rust.
- Super durable, rated up to 300°F (149°C).
- Coverage: Aerosol 10-12 Sq. Ft, Quart 40 Sq Ft, Gallon 160 Sq Ft
- Matte black finish.

## ***RUBBERIZED BEDLINER & UNDERCOATING***

The only undercoating that can go directly over surface rust. Other undercoatings mask rust allowing it to spread out of sight.

- Apply directly over rust.
- Does not trap or seal in moisture allowing rust to continue spreading.
- Flexible & durable finish allows for use in truck bed liners and undercoatings.

## ***RUST PREVENTION & LUBRICANT***

Stop rust before it starts & lubricate with this wax infused lanolin-based formula. This eco-friendly formula has no solvents and is VOC/MIR compliant in all 50 United States. The special formulation allows the lubricant to cling and not run while remaining flexible and pliable.

- Long-lasting formula stays in place.
- Ideal for home, shop, auto, industrial, marine, & more

## ***RUST CONVERTER***

Stop, seal, and prevent future rust by converting it into an inert surface. For added appearance and further protection apply a top coat of AOR-14 or AOR-32.

- Easy application, brush or spray on.
- Penetrates deep into rust.

## ***ROAD SALT NEUTRALIZER CONCENTRATE***

Prevent rust and damage to metal surfaces caused by road salt, brine, and ice melt before they happen. Simply spray-on and rinse-off the desired area, safe to use on painted and other finished surfaces.

- One gallon of concentrate makes 21 gallons of neutralizer.
- Ideal for snowplows, salt spreaders, road equipment, fleets, cars, and any metal surfaces exposed to road salt.
